A Premier Destination for Connection

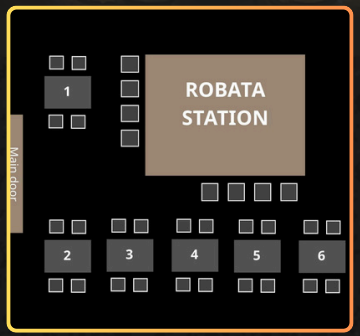

Ka-EN is a multi-level Japanese event venue in the heart of Thao Dien, engineered to provide a seamless flow between high-energy social spaces and refined dining environments. By blending traditional Japanese craft with modern event functionality, we provide a curated atmosphere that adapts to your specific brand or social objective.

The Robata Station

The Vibe: High-Energy, Open-Air, and Social

Located directly on the pulse of Xuan Thuy Street, the Robatayaki Garden is our most vibrant event zone. This space is defined by its connection to the neighborhood and the theatrical energy of our open-fire grill.

· Capacity: 30 Seats / 40+ Standing (Cocktail style)
· Key Feature: Direct street-side presence and front-row views of the Robata theater.
· Best For: High-impact networking mixers, vibrant brand activations, and the "Welcome Reception" phase of a larger venue buyout.

The Wine & Sake Bar

The Vibe: Refined, Polished, and Sophisticated

The interior core of the venue offers a sleek, modern aesthetic centered around the artistry of the bar counter. This space provides a structured and elegant environment, ideal for organizers looking for a refined backdrop that maintains a close connection to the culinary craft.

· Capacity: 50 Seats
· Key Feature: Modern Japanese design with a focus on the precision of the wine and sake bar.
· Best For: Formal banquets, corporate hosting, and the primary hub for large-scale event seating.

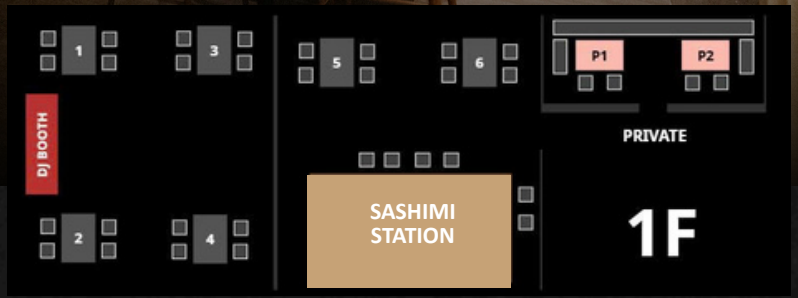

The Upstair Sashimi Station

The Vibe: Elevated, Exclusive, and Lounge-Centric

The upper level is designed for maximum layout flexibility, serving as a sophisticated transition zone within the venue. This floor offers a relaxed, lounge-centric atmosphere that can be tailored to the specific flow of your event. It provides a distinct, elevated tempo for guests who prefer a more reserved space to gather, while remaining fully integrated into the venue's cohesive atmosphere.

· Capacity: 30 Seats / 40+ Standing
· The Hook: A fully-serviced, independent level that offers exclusivity without losing the venue's signature pulse.
· Best For: Grand social celebrations, milestone galas, high-octane after-parties, and exclusive networking events.

Our Robata & Teppanyaki kitchen is the soul of Ka-EN. Premium steak cuts expertly seared on an iron griddle and served with a hot stone steak pellet made from high-density stone from Japan, heated up to 300°C, allowing you to continue searing your steak to your preferred doneness.

Contrast the fire with the ice. Our raw bar is dedicated to precision. We source premium, fresh ingredients and craft them into floral-inspired arrangements.

Design Your Own Culinary Experience

Bespoke Event Menus | Starting from 350,000++ VND per guest

Craft a custom dining journey with full access to over 80 signature dishes. From the intense heat of the grill to the precision of the raw bar, your menu is tailored to the exact caliber of your occasion:
